The conference catalogue is a professionally edited and published piece of work containing plan of the conference, information about the industry, partners, speakers and sponsor advertisements.

The participants and all current and potential partners, media, people connected with the event, sponsors, interested companies and institutions will receive the catalogue.

Circulation: approx. 500 copies.

**Note! The price does not include the participation fee for the person or people from your company. Participation in the conference requires submitting the participant's application (a separate form). Participation, however, is not required for purchasing an advertisement in the conference catalogue.**
